MEMORANDUM FOR: Chief, SOD

ATTENTION : Chief, SOD/GB

THROUGH : Chief, DO

SUBJECT : Resume of WUDEPOT Assets

REFERENCES : SOD 4-572 and SOD 4-536

1. In response to references, there is attached a list in alias of SR, EE and NE agents trained by DOB. These men have all had the WUDEPOT basic 16 week course and most of them have had advanced summer training. The basic course covers Communications (clandestine W/T), air operations, black living, observation and reporting, clandestine methods and techniques, agent acquisition, demolitions and sabotage, unconventional warfare, parachute training, and black border and maritime infiltration.

2. None of the agents are documented operationally nor do they have cover for an operation. Additionally, DOB has no overseas holding mechanisms and does not anticipate establishing one.

3. The following agents are considered good material for full time contract employment provided their specific capabilities match up with your specific requirements:

Inasmuch as all agents are in holding status in response to JCS hot war requirements or contingency needs anticipated by the respective area divisions, DOB cannot comment on individual availability for SOD use without first coordinating with the division concerned. Conversely, we are not certain of the availability or desire for this employment on the part of the individual agents.

4. We can and will include your general requirements in our future recruiting.
